DEATH OF MRS. COOK.

Mother-in-Law of Col. W. R. Passes Away.

Mrs. Lucretia E. Cook, of this city, died in Cincinnati Sunday night, where she was on a visit to son, Mr. George Cook. She was taken dangerously sick only a few days before, though her health had not been good for some time.

Her body will arrive here at 9:31 this morning and will be transferred to the 11:40 I. C. train and be taken via Gracey to Cadiz for interment.

Mrs. Cook was the widow of Judge George B. Cook, a distinguished jurist of Trigg county, who was elected circuit judge of this district many years ago at the age of 32 years. The district embraced many counties then, including Henderson, and Judge Cook defeated N. E. Gray in a memorable contest. Mrs. Cook was 71 years of age and made her home with her daughter, Mrs. W. R. Howell, in this city.

The funeral services will be held in Cadiz this afternoon and she will be buried by the side of her deceased husband.

SUICIDAL MANIA.

Two Attempts at Self Destruction—Landed in Asylum.

After two attempts to take her own life, Clarissa Caldwell, a colored woman of the Gracey neighborhood, was landed in the asylum here Friday.

She is the wife of Wesley Caldwell, a colored farm hand, and is about nineteen years old.

She had been showing signs of dementia for some time and about two weeks ago attempted suicide by hanging. She was discovered in a few minutes, however, and was soon revived. On last Tuesday she made another attempt at self-destruction, this time jumping into a well. The water was only a few feet deep and she was soon rescued.

She sustained some severe bruises as a result of the latter experience, as her body came in contact with some rocks in its descent.

The woman was brought to the city Friday, adjudged of unsound mind and at once placed in the asylum for treatment.

DIED OF STARVATION.

Miss Lizzie Floor, of Owingsville, Paralyzed for 35 Days.

Lexington, Ky., Sept. 2.—At Owingsville to-day Miss Lizzie Moore, a beautiful young school mistress, died of starvation. She was partially paralyzed thirty-five days ago, and since that time had not partaken of a morsel of food.

ATROCITIES

Committed in the Wake of War in China.

Soldiers Put Boxers to Shame By Murder, Rapine, Arson and Outrage.

Taku, Aug. 30, Via Shanghai, Sept. 3.—The Chinese in the Pei Ho valley are paying dearly for the folly of their Government. The retribution they are suffering exceeds the ordinary penalties of war. Along the river and the roads traveled by the foreign troops between Tien Tsin and Peking an orgy of looting and destruction continues, with much useless slaughter of unoffending inhabitants. While the international forces were advancing the commanders, notably the Japanese, American and British, enforced a certain degree of protection for property not needed for military purposes.

At that time most of the population, except the fighting men, had fled. But now the people are returning to their homes, only to find no shelter or rice or occupation. In the overcrowded, famine-threatened districts away from the river their lives and small possessions are at the mercy of bands of soldiers traveling about without officers. Robbery, ravishing and murder are continuous. Roving parties of soldiers indulge in unrestricted outrages. With few exceptions, every town and village in the section traversed by the armies has been looted. The Russians are the worst offenders, with the French also contributing largely in proportion to their numbers. The Japanese, British and Americans are under better control. The conduct of the Cossacks has been especially atrocious.

FINE SPEECH.

Ollie James Stirred The Boys Up in Great Style.

Hon. Ollie James, of Marion, opened the Democratic Campaign here yesterday at 2 o'clock, addressing a crowd of 800 people. The courthouse was filled to overflowing and many were turned away unable to get inside the building. For an hour and a quarter the rough and ready orator from Crittenden poured such hot shot into the Republicans that the Democrats were roused to great enthusiasm. His discussion of National issues struck a responsive chord and there were loud cheers of approval. His strong arraignment of the Republican party and its lawless methods, beginning with military intimidation of voters and ending with the assassination of the Governor, was unanswerable from any standpoint of good citizenship. He called upon Mr. Yerkes to state his position on the question of pardoning the indicted and convicted assassins of Gov. Goebel.

He closed with a strong and earnest appeal to Democrats of all shades of opinion to unite to save the nation from imperialism and the state from government by assassination.

The speech was a fine effort and the speaker was overwhelmed with congratulations. The campaign has been most auspiciously opened.

IMPERIALISM vs. DEMOCRACY.

Our Declaration of Independence a Filipino Text Book.

At the sociological conference recently held at Lake Bluff, Wis., William Graham Prentiss, of Chicago, spoke in part as follows:

"It is strange to me that any one in the twentieth century should discuss imperialism. If any one four years ago pretended to discuss imperialism he would have been patently insane."

"The principles of Democracy teach that all men have equal rights and should be free and left to govern themselves with their own consent. The principles of imperialism teach that the great majority of men are incapable of governing themselves, and prescribe the old doctrine of taking from him that has little, and giving that little to him that has much."

"What crime have the Filipinos committed? When we went to war with Spain they did not dream that the American soldier would ever visit their shores except to benefit and uplift them, free them from their bondage and help them gain their liberty."

"Who will say that the Philippine Islanders shall be citizens and have granted them all rights of citizens? By legislation we have built a wall stronger and harder to knock down than the wall of China against the Filipinos becoming citizens. We have said they are not like us. In preparing for his struggle with Spain, what did Aguinaldo take for text-books? The Declaration of Independence, the Constitution of the United States, the Emancipation Proclamation, and the last speech of Washington. These are what he took and taught his people and they believed and followed him, and for two years we have been fighting for liberty and yet some say they are unfit to govern themselves. Are not people who are able to fight for their liberty able to govern themselves?"

"Imperialism teaches avarice, greed, determination to obtain what belongs to some one else. On the other hand, Democracy says every man has a right to choose for himself, enjoy the fruit of his labors, uplift his station in life, be a man."

"McKinley has said that the mass of the islanders are willing to be governed. I admit that a portion are, the ignorant, the lazy, the shiftless and the commercial. But the workingman, the patriot, the middle class, who felt that they could stand death but bondage never, are the men who are doing the fighting. In the early struggles of our own country did we wait for the consent of the lazy, the shiftless, the commercial?"

"If this spirit of imperialism rules we will become as the Roman empire did. She called it expansion, she expanded with the sword and soon became an empire, and an empire cannot exist within a republic."

GLAD IT'S GONE.

Hottest August on Record in Kentucky.

When the mercury passed 90 degrees Friday morning it meant that the month of August closed with the remarkable record of twenty-nine days out of the thirty-one, on which the temperature went above ninety.

The two days on which the nimble mercury failed to reach the 90 mark this month are August 22 and 29, and the maximum temperature on these days was 85 and 86 degrees respectively.

No record exists at the local Weather Bureau which can come anywhere near being a parallel to the fearful spell of torrid weather which began on the first day of the present month. It is extremely doubtful if there is such a record in the history of the United States weather stations all over the country.

CHRISTIANS' TRIALS.

Endeavors Return From Europe Without Money or Baggage.

Tourists Tell Harrowing Experiences Of Their Trip On The Other Side.

New York, Aug. 30.—Many of the 420 Christian Endeavorers who reached this port from Europe yesterday on the North German Lloyd Steamer Aller, are unable to proceed to their homes by reason of lack of funds. Neither had any of the 420 any baggage when they arrived, lacking even a change of linen. They tell harrowing stories of their experiences abroad. They report the continent of Europe to be dotted with ill-used Christian Endeavor tourists.

Two thousand Endeavorers sailed from this port on July 4 by the steamer Trave. The contingent just arrived on the Aller is the advance guard of the army of hard luck that is returning from the continent as fast as "money from home" will bring them from interior points to Cherbourg or Southampton, where they meet the steamers. Their passage home had been paid.

The pilgrims on the Aller were from Philadelphia, Maryland, St. Louis and other points in the South and West.

The majority of them are stranded in New York, awaiting remittances to take them home. They are well-to-do persons, at that. Last June they paid from \$300 to \$500 to a tourist agency to take them to London for the international convention of Endeavorers, and from this across the continent on various personally conducted tours.

Mrs. S. J. Edwards, of St. Louis, one of the party, says that the first troubles came from the fact that the agency assigned one guide and two baggage men to a party of 180 tourists. The baggage men insisted on trying to drink up all the liquor they saw between London and Italy and as a result the baggage was hopelessly mixed.

The hotels the tourists were assigned to were for the most part of such a character and so limited in accommodations that the sightseers suffered all sorts of inconveniences. Parts of their tours which were to be made in carriages had to be taken on foot, and finally at Marling the guide informed them that managers would have to abandon the tour through lack of funds, and the excursionists would have to pay their own fare to Cherbourg.

When those not well supplied with money had to borrow from those better fixed, and the French seaport was reached. Here they were informed that their trunks had been shipped to the Kaiser Wilhelm der Grosse, and so the return trip across the ocean was made with simply the clothes they had on their backs when they landed at Cherbourg.

San Francisco's Population. Washington, Aug. 28.—The census office today announced the population of San Francisco to be 342,782. The population in 1890 was 298,997, an increase of 14.6 per cent.

VICTORY

For Bryan Is Predicted By Croker.

Bishop Turner Ablest Negro In The South, For Bryan.

New York, Aug. 30.—The following predictions were made by Richard Croker at Democratic headquarters:

New York will give Bryan 40,000 plurality at the very least. Bryan will surely carry Indiana. Ohio will go Democratic. Illinois will go Democratic. The trust question will do it.

No one is afraid of Bryan this year. They fear the trusts.

One-man power is the danger; imperialism and trusts are its expression.

Employers will vote against trusts, but employers will vote against Bryan.

Bryan's election is a certainty.

BISHOP HENRY M. TURNER. Head of African M. E. Church, To Make Speeches For Bryan.

Chicago, Aug. 30.—Bishop Henry M. Turner, of Atlanta, head of the African M. E. Church, and leader of the colored race since the death of Frederick Douglass, has decided to come out for Bryan. Bishop Turner will be attended in his conversion to Democracy by Bishop Derric and Grand, of the same church. This statement was made to-night by the Rev. J. A. Whitman, a colored minister of Atlanta, and the personal representative of Bishop Turner.

Just before the departure of ex-Gov. Stone, of Missouri, to the East, the Bishop sent the vice chairman of the Democratic National Committee, a telegram saying that Whitman had full authority to speak for him. Not content with deciding to vote for Bryan, Bishop Turner has also expressed a desire to take the stump for the Democratic nominee, and he has already made arrangements with the Democratic National Committee to speak in Kansas, Minnesota, Michigan, Indiana, Ohio, West Virginia and Illinois.

Anti-imperialism is said to be the mainspring that has governed Bishop Turner's action in leaving the Republican party. The decision is significant in view of the statement of Vice Chairman Henry B. Payne, of the Republican National Committee, last Tuesday that the dividing of the colored vote between the Democrats and the Republicans this year will mean the breaking up of the solid South.

CATARRH OF THE PELVIC ORGANS.

The Reason Why So Many Women Are Sick.

Mrs. Maria Hanson, 120 Iron St., Akron, O.

Mrs. Maria Hanson says: "I would be in my grave now if it had not been for your God-sent remedy, Peruna. Everybody says I am looking so much better. No doctor could help me as Peruna did. I was a broken-down woman. It is now seven years past that I was cured."

Mrs. Sarah Galt, of Linton, Ia., also writes: "I was suffering with the change of life. I had spells of flowing every two or three weeks, which would leave me nearly dead. I had given up hope of being cured, when I heard of Dr. Hartman's remedies and began to use them. I am entirely cured, and give all the credit to Peruna."

But comparatively few women who are suffering with pelvic catarrh know that this is the case. Their trouble is called dyspepsia, heart trouble, female weakness, weak lungs, nervous debility; indeed, almost the whole category of medical terms has been applied to catarrh of some organ of the female anatomy. They are wrong, but they are right in that their trouble is probably caused by the organs peculiar to women of the pelvic organs, and cure themselves with Peruna, how much unnecessary suffering would be saved.

Mrs. Carolina Suter, 238 Vine street, Cincinnati, O., says: "Two years ago I felt on the loss. At first I did not think that I had hurt myself, but several months after I felt pain in the abdomen, and a little later my menses failed to appear. I wrote to you in regard to it, hearing that you cured female troubles, and followed your directions. I took Peruna and Man-sin. I now have the best of health."

Mrs. Maria Hanson, of Nibbel, Wis., writes: "About two years ago I had disease of the kidneys and womb. I was in a weak, nervous condition and began to have drowsy full palpitation of the heart. I was confined to the bed. I had given up all hope of being well again. I commenced taking Peruna. I found relief when I had taken the first bottle. Now I have taken seven bottles of Peruna. I thank you for your advice and I am glad I can say that I am well now."

Dr. Hartman has written a book especially for women. It treats of female catarrh in all its different phases and stages. It contains common sense talks on subjects which should interest every woman. It will be sent free to any woman. Dr. Hartman, Columbus, O.

HEROIC WOMAN.

Floated 750 Miles Alone On a Raft In Alaska.

Tacoma, Wash., Aug. 28.—Mrs. Hewitt, wife of Dr. Hewitt, one of Chicago's well-known physicians, has had an exciting trip in Alaska wilds. Alone she floated down the Koyukuk river, a distance of 750 miles. Two years ago she left Chicago to join her husband, who had gone to Nome. At Dawson she met Dr. Crothers, of Pittsburgh, a friend of her husband's and with him arranged to go down the river on the ice. When they reached Fort Hamlin they heard of rich placer strikes at the head of Koyukuk and went there.

While out with a dog team Mrs. Hewitt lost her way and spent the winter alone in a cabin. She shot moose and lived on meat. When the ice broke up she managed, although worn to a skeleton, to make a raft. With moose meat she started down the river on a 750 mile trip. Once the raft hit a sand bar and she was thrown into the water. After twenty-six days she reached the Yukon river. When she was picked up by a steamer which sighted her on the day after she reached the Yukon she fainted. Late Nome advices say the brave woman may yet succumb to the hardship she endured.

Gethsemane.

The Religious Herald of January 28, 1897, has the following: The verses on Gethsemane which were written by Dr. Hiden when he was a student at the University of Virginia, and were published in the Religious Herald about the same time. Young Mr. Hiden had just heard a sermon on "The Atonement," by A. B. Brown, and that suggested the lines. They were brought to this office a few days ago by Deacon T. H. Elliott, who heard Dr. Hiden recite there and asked for their publication. They are very musical, and are written in a spirit of manifest sympathy with the mournful scene which they describe.

The city is silent; Jerusalem sleeps; The stern Roman soldier his vigil now keeps; Dark night has now conquered the king of the day, And the stars are all mustered in splendid array.

The moonlight steals down, with its sweet, pensive sway, To chide the dread horrors of darkness away; All nature is quiet, enjoying the calm,

Which Heaven has sent to the weary, as balm. But amidst the deep silence which reigns all around,

Gethsemane shows us, upon the damp ground, The poor "Man of Sorrows," acquainted with grief, Moaning out his petition, so full, yet so brief: "My Father! if possible, let this cup pass."

But if this petition be answered, alas! The law of stern justice will trail in the dust, And the God of the universe cannot be just.

He turns to his followers; lo! they're asleep; The watch of "one hour" they cannot now keep. He is prostrate again, Sinner! hear that deep groan; Thy Savior is bearing thy burden alone.

An angel from heaven may strengthen the Man, Who suffered to work out the glorious plan Of wondrous salvation, unmerited, free, And offered now, sinner, to you and to me.

But angels themselves can no sympathy feel For him; for the serpent is bruising his heel, And Jesus, the sinless, for us is made sin.

To open salvation and let the world in.

The great drops of sweat, which Gethsemane saw, Helped to pay the great debt which we owed to the law, And Calvary's cross joined the earth to the sky,

When "Thou finished!" burst forth on that last dying sigh. Then banished the clouds from thy

grief-stricken face, O, penitent soul and remember the place Where this great sufferer said, ere his spirit had flown, "Tis finished, I've borne the great burden alone."

Only a Campaign Liar.

Teddy Roosevelt offered W. S. Taylor refuge from process of law in New York. Yet this same Roosevelt used this language in his speech: "The Democrats stand for lawlessness, for dishonesty and dishonor." Does Teddy read backwards, or is he just a simple campaign liar. In Kentucky Taylor and his mountain assassins (every one a republican) have stood pretty well "for lawlessness, for dishonesty and dishonor." The Democrats have stood for law and order at all times, and have prevented the ricks and bloodshed planned by the republicans.—Spencer Courier.

What "Ult" Meant.

A lawyer living in a garrison town took on trial a rather raw-looking youth as office boy, and one of the first jobs given to him was to make a copy of the letter. In lawyers' offices it is customary to examine the copy with the original to see that the former is correctly made. On this occasion, when the boy had got as far as the words, "I beg to acknowledge the receipt of your letter of the—th ult., he said to him rather sharply: "Maddocks, what does 'ult.' mean?" The boy hesitated for a minute or two, and then stammered out, "Please, sir, it's what they says to the soldiers when they wants 'em to stop."—Weekly Telegraph.

SINGULAR ACCIDENT.

Young Man Loses His Life By Falling Over a Rocking Chair in the Dark.

Carrollton, Ky., Aug. 29.—Edward Sutherland, a young man of this county, lost his life in a singular manner. Stepping out of the doorway at night, he fell over a rocking chair that had been left in the yard, the sharp top of the chair injuring his abdomen in such a way as to cause death in a few hours. He was buried yesterday at Drennon chapel. His age was about twenty-five years.

Taylor Fear-Haunted.

W. S. Taylor, the fugitive from Kentucky, under indictment as an accessory before the fact to the assassination of Gov. Goebel, is doing some campaigning for the Republican party in Indiana. Information comes from the Hoosier State that he is afraid to travel at night. "And thus," as the immortal Shakespeare put it, "doth conscience make cowards of us all." Guilty knowledge is a great fear producer, and Taylor appears to be fear-haunted.

Major John H. Parker, U. S. V., who is stationed at Tanauan, Batangas Province, Luzon, contributes to the Review of Reviews for September an incisive statement of the actual present needs of the Philippine Islands in respect to the maintenance of order, the establishment of a school system, the introduction of improved farming implements, the building of railroads, and the readjustment of tariff relations. Major Parker emphasizes the importance of a specific declaration by Congress as to our policy in the islands.

September is the most popular month for camping excursions, because it combines the last month of trout fishing with the first month of deer hunting in most of the great preserves. It is therefore appropriate that the September number of Scribner's should have an outdoor flavor to many of its articles, and that the illustrations should suggest sport and adventure in many out-of-the-way places.

What Beck Said.

Since Bill Beckner has flopped entirely into the Republican party, Senator Beck's description of him is in order. Said he, "I have seen hundreds of pictures of Judas Iscariot, no two of which were alike, but every one of them favored Bill Beckner."

ELKS' FAIR AND CARNIVAL.

Important Business Meeting Was Held Last Night.

All the committees of the Hopkinsville Elks' Fair and Carnival met last night in the offices of Mr. John Peland.

FIFTEEN THOUSAND FARM.

Keatts Brothers Purchase The Kendrick Tract, Near Lafayette.

Messrs. C. M. and W. T. Keatts have purchased what is known as the Kendrick farm, about three miles east of Lafayette, and full possession will be given Jan. 1. The price paid was \$15,000. There are 700 acres 500 of which are cleared and the rest is in good timber. About 200 acres of the farm is meadow, lying along the banks of Green Tree Grove creek.

The whole place is well improved and the farm is one among the best in that section. A portion of the land is situated in Christian county and some of it lies in Montgomery county, Tenn., adjoining the Keatts homestead.

Keatts brothers will sow 400 acres of wheat this fall on their newly purchased ground.

The Board of Asylum commissioners will hold their regular monthly meeting at the institution to-day.

BIG FEES.

Will Be Paid Governor Goebel's Doctors.

Dr. J. N. McCormack, of Bowling Green, who was at the bedside of Gov. William Goebel from the time he was shot to the hour of his death, will receive a fee of \$10,000 for his medical services. The money is to be paid by Mr. Arthur Goebel from the estate of the dead Governor. The other physicians who attended Mr. Goebel are also to get handsome fees, and it is understood from a reliable source that about \$20,000 in all will be paid to the doctors.

Those who attended Mr. Goebel, besides Dr. McCormack, were Drs. Hume and Ely, of Frankfort; Dr. T. R. Welsh, of Nicholasville, and Dr. J. M. Barrow, of Lexington. All of the physicians, including Dr. McCormack, refused to accept any pay for their services, but the Goebel brothers do not propose that they shall go unrewarded for their trouble.

SUNDAY HORROR.

Excursion Train Wrecked and Many Killed and Injured.

Allentown, Pa., Sept. 2.—The worst railroad horror known in this vicinity occurred at Hatfield, Montgomery county, on the North Pennsylvania branch of the Philadelphia & Reading railroad at 7 o'clock this morning, when an excursion train with between 700 and 800 people on board, crashed into the rear end of a milk train which was standing at the station. Nine people were killed outright and five others died soon afterward from their injuries. The list of wounded numbers twenty-five or thirty well-known citizens, principally of this city and of South Bethlehem. Several of the injured cannot recover.

Moody, of Henry county, who claims the nomination, applied to the county clerk of Bourbon county to put his name under the roster on the official ballot. CHILDREN MARRIED.

Girl of 12 And Boy of 17 Married in Nicholasville.

Emily Wright King, aged 12, and Robert Letcher Birnum, aged 17, both living in Jessamine county, were married by Judge Phillips. The parents of both children were present and approved of the ceremony, but on their way home the mother of the girl objected to the children riding in the same vehicle. The father of the boy opposed the mother's objections and hot words followed which led to blows. The old man started for the police, but the woman withdrew her objections and the procession moved on.

ONE THIRD

The Fall term of Circuit Court convenes here this fourth Monday in this month for a session of six weeks. Up to the present time only about fifty new suits have been filed. Of this number 33 1/3 percent are for divorce. As three weeks remain in which to file suits for the term, however, it is likely that the usual full docket will be made up.

To Dam Pond River.

Sebree, Ky., Aug. 1.—After considerable hard work, a number of business men and others have succeeded in raising by subscription enough money to build locks and dams on Pond river along its course through the counties of Hopkins and McLean. This will enable them to run small boats on the river to the point where it empties into Green river, and connect with the Green river packets that run between Evansville and Bowling Green. The work is to be begun at once.

CORBETT WON.

Knocks McCoy Out in the Fifth Round.

Gets In a Solar Plexus Punch and Wins Eighteen Thousand Dollars.

New York, Aug. 31.—The long-promised and long-looked-for meeting between James J. Corbett and Charles ("Kid") McCoy, under the auspices of the Twentieth Century club at Madison Square Garden, is over, and in less than five rounds Corbett proved himself to be the better man. That Corbett and McCoy are the cleverest exponents of the art of self-defense among the present generation of heavy weights goes without saying. And keen judges of the game who saw tonight's fight declare that it was the cleverest exhibition ever witnessed in the ring. Up to the moment that the men stepped into the squared circle opinions as to their respective ability were widely divergent. Many claimed and rightly too, that Corbett would prove to be the stronger as well as the cleverer and it was thought his superb feinting and heavy struggling that he put McCoy down and out. McCoy's friends all along have claimed that he was equally as dextrous with his hands, eyes and feet as the former champion, and in addition to this they said that the Kid could hit harder than Corbett. All who have met McCoy acknowledge that his blows are powerful ones and that they sting and cut wherever landed. Last night, however, while McCoy landed some very stinging blows, he did not cut Corbett's skin, nor did he land a heavy right hand blow during the contest. On the other hand Corbett, when he dropped science and began to slug, landed hard rights and lefts, which simply took McCoy's guard away, and when Corbett found a vulnerable spot in the region of McCoy's heart, two lefts divided by a right ended the battle.

ENJOYABLE EVENING.

A moonlight sail was given by Mr. C. H. Hill, West Nineteenth street, Saturday night, complimentary to Master Lewis Hooper and little Miss Bessie Hooper, children of Mrs. D. V. PROHIBITION WON.

One Saloon Will Close Dec. 22 and the Other Feb. 12.

The vote taken in Sebree Thursday on the liquor question, resulted in a victory for prohibition by a majority of seventy-one. The total vote cast in two precincts was two hundred and forty-three.

Flurphy's Masquerade.

Written to make people laugh, will appear at Holland's Opera House on Wednesday, Sept. 3, introducing such clever and well-known people as Russell and Owens, those world famous Irish comedians as Dennis Murphy and Michael Mulligan. Mulligan (Owens), who is 5 feet, 10 1/2 inches tall, has some very funny scenes with Murphy (Russell), who is 4 feet, 6 inches tall. Owens is a very good foil for Russell, and their comedy scenes keep the audience screaming with laughter. There are some twenty other very clever farce comedy people in the cast.

What Yerkes Will Do.

Col. Yerkes has not answered our questions, but Judge Nick Vaughan, of Louisville, doubtless acting as his spokesman, has for him. In a speech the other night, he said, "Yerkes will do his duty and pardon every man convicted by the democrats." This assurance, which was hardly needed, should make democrats work the harder to down the smooth citizen of Boyle. Interior-Journal.

Baking Powder Economy

The manufacturers of Royal Baking Powder have always declined to produce a cheap baking powder at the sacrifice of quality.

The Royal is made from the most highly refined and wholesome ingredients, and is the embodiment of all the excellence possible to be attained in the highest class baking powder.

Royal Baking Powder costs only a fair price, and is cheaper at its price than any similar article.

Samples of mixtures made in imitation of baking powders, but containing alum, are frequently distributed from door to door, or given away in grocery stores. Such mixtures are dangerous to use in food, and in many cities their sale is prohibited by law. Alum is a corrosive poison, and all physicians condemn baking powders containing it.

WEALTHY WOMAN.

Mrs. Hannah Moayon Dies Suddenly of Heart Failure.

Mrs. Hannah Moayon, widow of the late John Moayon, died very suddenly yesterday morning at 2:30 o'clock, at her home in this city. She was up as usual the evening before, but went to bed early complaining of not feeling well. About one o'clock she woke up the members of the family and was found to be very ill with heart trouble. This was soon succeeded by a smothering spell and she died in spite of all that could be done to save her life. Mrs. Moayon had been a sufferer from heart trouble for a year or more.

Her maiden name was Hannah Kahn, and she was born in Gemmetsheim, Germany, 60 years ago. She was married to the late John Moayon, the wealthy merchant who died a year or two ago, about 33 years ago and of this union two children survive, Mrs. Moses L. Elb and Max J. Moayon.

It was to her that her husband owed much of his success in life. She was a woman of sound judgment and wise counsel. She was her husband's helper and adviser in business matters and he relied upon her assistance in making and saving the fortune he left and when he died he left all his property to her and the estate has never been divided.

The funeral services will be held at the family residence on Ninth street at 3 o'clock this afternoon, Rabbi K. E. of Evansville, officiating. The interment will take place in the Jewish Cemetery in this city, by the side of her husband.

HOG CHOLERA.

Destroying The Hogs Around Casky Station.

Hog cholera is raging in the vicinity of Casky and some of the farmers are losing heavily. Mr. J. T. Garrett has lost nearly 70 head and Mr. Winston Henry has lost eight or ten of his best fattening hogs within the last few days. If any one knows of a remedy for this dread disease the KENTUCKIAN would be glad to publish it for the benefit of the farmers.

FATAL FESTIVAL.

Same Old Story, This Time From Fairview.

Jim Burrus Shoots and Instantly Kills Otis Lacy, Both Colored.

A colored festival was held at a cabin on the farm of Mr. Wm. Tandy near Fairview, Saturday night, with the usual result, a killing.

Jim Burrus shot and instantly killed Otis Lacy.

Burrus went with a girl to the festival and Lacy began to tease him about the girl, telling him he should not go home with the girl. Burrus was talking back in a half-joking manner and Lacy drew an old pistol, it is claimed in a playful manner. Burrus also pulled a pistol and Lacy fell dead with a bullet in his heart. Burrus claims that the weapon went off accidentally, that he was "projecting" with the weapon and did not intend to shoot Lacy. He made no attempt to escape.

The coroner went out Sunday and held an inquest and placed Burrus under arrest. He returned to town with the coroner and was lodged in jail Sunday afternoon. The date of the examining trial has not yet been set.

Both negroes were farm hands in the neighborhood.

SHOOTING AFFRAY.

Albert Grace Peppers Robt. Latham With Squirrel Shot.

Conflicting reports of a killing in the Pilot Rock neighborhood, when sifted down yesterday, turned out to be unfounded, except as to a shooting affray in which one man was slightly wounded with small shot.

The parties to the difficulty were Albert Grace and Robert Latham, who live about one mile from the postoffice of Oval, near Pilot Rock.

A few days before Latham went to Jim Gid Edwards, and wanted to borrow a horse, and Miss Bettie Edwards, who was the only member of the family at home, refused to lend the horse. Mr. Edwards had been disabled at the house of a neighbor for two months, from an accident. Latham became enraged at the refusal and on Friday afternoon returned to Edwards and began to abuse Miss Edwards and threatened to kick her out of the house.

Albert Grace, her brother-in-law, was present and took up the difficulty and a fight ensued. Latham picked up an empty pistol from the mantle and attempted to strike Grace, but was prevented, and finally left the house saying he would get his gun and settle the matter.

He lived close by and soon returned with a double-barrel shotgun. Grace in the meantime had loaded up a similar weapon with squirrel shot and was in the yard when Latham returned. The men shot twice at each other. Grace was struck, but the shot was too small to penetrate his clothes. Latham was hit with six shots, one in the forehead, one under each eye, one in the breast and two in the stomach. The wounds were slight and Latham was not disabled by them. He was up and about as usual yesterday and it is said (whether true or not is almost sure to result, as both men are nery and live close together. Latham especially is said to have quite a reputation as a fighter.

WILL REBUILD.

Work to Begin as Soon as Arrangements Made.

The members of Bethel Baptist church will rebuild their church that was burned on the evening of the 23rd, at Fairview, says The Review. The work will be begun just as soon as all arrangements can be completed, which will be done in the next month. It seems to be the wish of the membership to duplicate the one that was burned in every respect.

CROP OF 1868.

M. B. King's Sample Of Old Virginia Weed.

Mr. M. B. King has in his possession a well preserved twist of tobacco raised in Virginia in 1868. That was the last year he lived in Virginia and he made several twists of tobacco that were left behind when he moved to Kentucky. One of his young lady cousins took several of them and put them in her trunk to take care of them for her absent relative. The years past and the tobacco was forgotten, but it was still preserved for 32 years. Mr. King has frequently visited his old home, but it happened that the tobacco was never thought of, but last month while visiting at the home of his cousin, something occurred to remind her of the tobacco, and she brought out one of the twists and gave it to him and he brought it back home with him.

The tobacco is seemingly in a perfect state of preservation. Mr. King is now a prosperous farmer and stock raiser of Church Hill, in this county.

JUDGE TIPTON ALIVE,

But the Physicians Have Little Hope of His Recovery—Woods Gives Bond.

Richmond, Ky., Sept. 2.—Judge French Tipton, who was shot last night by Clarence E. Woods, is still alive, but little hopes are entertained for his recovery. Not satisfied with the first hasty examination, the physicians last night made an incision, which showed that the bullet had penetrated the bowels, making no less than sixteen perforations.

Woods gave bond in ten minutes after the shooting, a number of the wealthiest citizens here volunteering to go on his bond. The date of the examining trial has not been fixed.

TIME AND SPACE

are practically annihilated by the ocean cables and land telegraph systems which now belt the circumference of Old Earth in so many different directions. "Foreign parts" are no longer foreign in the old meaning of the term. Europe, Africa, Asia, are "next door" to us. What happens there to-day we know to-morrow—if we read THE CHICAGO RECORD, whose Special Cable Correspondents are located in every important city in the world outside of the United States. No other American newspaper ever attempted so extensive a service; and it is supplemented by the regular foreign news service of The Associated Press. For accurate intelligence of the stirring events which are shaking the nations—of wars and rumors of wars—of the threatening dissolution of old governments and the establishment of new—the onward sweep of the race in all parts of the world—the one medium of the most satisfactory information is the enterprising, "up-to-date" American newspaper, THE CHICAGO RECORD.

Wanted to "Lick The Spoon."

INDIANAPOLIS, IND., Nov. 16, '99

PERFECT SYRUP CO.

Dear Sir:—We have been keeping house for five years and are without Dr. Caldwell's Syrup Pepsin. We find nothing to equal it for stomach troubles and my children like it as well as candy. One night recently my wife was giving a dose to our baby (14 years old) and Nelda (our little girl, 4 years old) cried for some, too. Her mamma told her she didn't need it and then she said: "Can't I lick the spoon?" It is so pleasant to take, the effects are so good. We hate to be without Dr. Caldwell's Syrup Pepsin.

Yours truly,

FAMILY NAMES LIKE THINGS.

Some Peculiarities Picked Out of the Washington City Directory.

It is curious how many family names to be found in the city directory are substantially like those of familiar things. Take, for instance, the season: There is Spring, also Winter; and if there is no Summer there is a Summer, and though there may be no Fall there is a Falls. Those that follow the months are: January, March and May. As to names like those of the smaller subdivisions of calendar time, Day is well known; also Weeks; while there may be no such name as To-morrow, there is a family name, Morrow. As for familiar things in nature, take for instance, Dew, Frost, Snow, Cloud, Storm and Gale, Raines and Hale. To family names like those of minerals it is easy to think of Mint, Cole, Rock, Stone, Garnett, Diamond, and Jewell; and of metals, Gold, Silver and Steele. Ayer and Waters suggest the elements and Mould and Clay are not unlike earth. As to things in the heavens, there is Moon and Star, and of the compass, West as well as North.

There is a considerable number of family names like those of colors, as White, Black, Green, Blue, Violet, Scarlet, Brown and Gray. Like names of various minerals or features of the body, are Hand, Arms, Legs, Feet, Bone, Chin, Hair, Beard, and there is also a family name Man. Like those of names borne by animals are Bull, Bullock, Lamb, Chick, Colt, Badger, Hog, Hare and Wolf. There are many family names that are exactly like or similar to things in plant life, or their productions, as, for example, the names Plant, Rose, Flower, Budd, Rice, Wheat, Oats, Cotton, Berry, Bean, Plum and Cherry, and Oakes, Ash, Pine and Maple. A familiar family name is that of Root, and others are Branch, Stem and Twig.

Bird, Wing, Heron and Wren suggest themselves, also Crane, Crow and Lark. Fish is a family name and others that might be mentioned here are Haddock, Pine, Roach, Bass and Crabb. Family names suggestive of titles or rank are: King, Queen, Prince, Duke, Marquis, Lord, Baron and Knight, beside Pope and Deacon. Next take military titles, Marshall, Major and Sergeant, and peoples, English, French, Welsh, Norman and Dutch; while among family names like those of countries there are England, Ireland, France and Wales. The ones that resemble buildings are Church, Temple, Abbey and Tower. Another family name is House, another is Mill, and the name of Barnes is familiar. There is a family named Shedd, and others are Post, Wall, Room, Frame, Sills and Hall, with Locke, Boldt, if not Bolt, and Key; also, Yard is familiar, and so is Garden, Gates and Pickett. Names like those of traveled ways are Street, Lane, Alley, Way and Rhodes.

Young is a family name, and so also is Olds, Long, Short, Sharp, Blunt, Dull, Strong, Straight, Small, Stout, Little, Rich and Poor, Bliss and Paine and Hurry and Waite.

There are many family names like implements, or of household or other articles of use, as Sickles, Mallet, Scales and Lamps, Wickes, Couch, Broome, Needles and Shears, and Bell, Button and Buckle. Of names like those of articles of apparel there are Coates, Vest, Cuff, and like distances are Furlong and Miles.

Pertaining to military things are many names, as Camp, French, Drum, Fife, Horn, Swords, Spears, Cannon, Gun, Flag and Banner; also like those of natural features, as Lake, Forrest, Pond, Field, Marsh, Glen, Dale, Pool, Brooks, Rivers, Banks, Meadows, Cliff and Ridge—Washington Post.

He Made the Trip.

A story is going the rounds at Harvard concerning a last year's graduate, a dutiful son and an industrious student, yet withal a somewhat literal youth. At the beginning of his concluding year, his father, who was just setting out for Europe, said to him: "Now, Harry, you get your degree, and I'll send for you to come over and travel all summer." Harry was delighted. "Father," said he, "I will." He studied faithfully all the college year, and in June went through, with flying colors. Then he called his father: "Yes," but the father had forgotten his promise. He must have over the message, wondered, and then called back: "Yes, what?" The son was in turn perplexed, but being a well-trained lad, he did not remain long in the dark, and fired by zealous duty, called back: "Yes, sir." Letters of explanation followed, and he is now making the "grand tour."—San Francisco Argonaut.

The greatest danger to life in the city is not the car with its clanging gong, but those silent invisible foes, the germs of disease. The prevalence of consumption in cities is stated to be largely due to the frequent expectation of diseased persons.

sons, whose dried sputa mixed with the dust and blown into the air, is inhaled by some luckless man or woman. Sanitation may minimize these perils, but can never obliterate them. The essential thing is to educate every person to the knowledge that the germ can find no permanent lodgment in a healthy body. Keep the blood pure, the stomach and other organs of digestion and nutrition in sound health and you are practically germ proof.

This disease resisting condition is obtained by the use of Dr. Pierce's Golden Medical Discovery. It purifies the blood, strengthens the stomach, nourishes the nerves, and heals the lungs. Even when there is obstinate cough, bronchitis, spitting of blood and other conditions, which, if neglected, lead to consumption, the faithful use of Golden Medical Discovery will, in almost every instance, effect a cure.

I was taken sick in July last year, and was not able to do any kind of work until November. I wrote Mr. Rod W. Orin, of Langley, Allen Co., N. C. I had been coughing up small hard lumps of phlegm for about a year before I met him. I then called on a doctor, who said that one-half of my left lung was gone, and advised me to leave my home and go to the country. I wrote to you for advice. I took four boxes of Dr. Pierce's Golden Medical Discovery, which I sincerely believe has done me more good than all the other medicines I have ever used.

Of light weight and superior make. All barrels carefully targeted. We believe an examination of them will result in a purchase every time. The price is low and the quality high. Also have some Parkers if you wish to go that high for a gun. Call early and see these guns. We also have a big stock of both smokeless and black powder shells. We shall endeavor to carry a complete stock of

Monuments.

It is nonsense to believe that you can buy of some agent as cheap as you can of your home shop, where you get the best marble and granite at the lowest possible price. If you will call and see our work and get our prices you will find yourself well paid for the trouble. Yours truly,
